

YA'FU

YA'Fu by YA'FABRIK

By feeling the support of the soil through all of your contact areas, you anchor your attention, like the roots in the earth.

The Ya'Fu is a yoga accessory, a «must have» for the asanas and meditation sessions or more....

It is said that the use of the cushion traces back to the time of Buddha who sat on a pile of plants to meditate.

Small and compact, the Ya'Fu will easily follow you everywhere.

INTEREST

Whether you are beginner or experienced, this meditation cushion filled with spelled balls facilitates posture by lifting the hips and upper body so that the legs can rest comfortably providing a natural, stable and pleasant sitting.

HUSKS

All our YA'Fu are garnished with spelled husks. What is the spelled husk? It is produced from the unused part of the cereal, also called «Gaulish wheat», the seeds will lock together to allow a comfortable and natural sitting!

The filling is very pleasant as these seeds are light. They do not compact nor reduce to dust. Healthy and odorless, they are appreciated for their calming and relaxing effects, as always remains airy and fresh.

LEATHER

The Prestige & Limited YA'FU Editions are in Natural Leather.

We have selected a very supple European leather used for high-end furnishings to offer you more wellness. The flexibility and softness of this natural material provides a feeling of well-being just by handling it.

The Vegan Leather YA'Fu Edition is a stiffer version. We have selected this Vegan leather from our European neighbors in Spain. Without any animal trace, it is made of polyurethane and microfiber. It is a high resistant and durable material which will offer a great stability for your meditation sessions and an excellent hold.

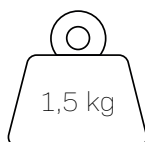

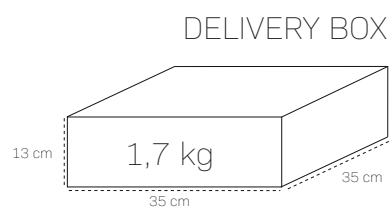

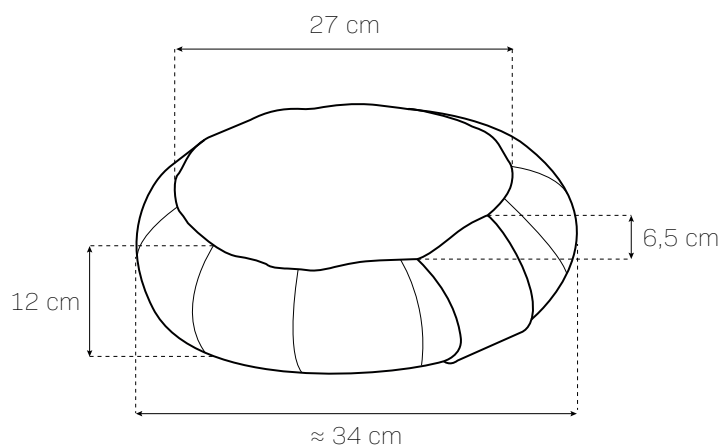

To ensure its exceptional properties, the Vegan Leather YA'Fu Edition is assembled with cork to set its unique design. The cork used comes from southern Europe's oaks and has extraordinary natural properties, it is waterproof, antimicrobial, anti-odor, and has a very soft feeling.
